M.A. Ford® TuffCut® X-AL 138 Series

The M.A. Ford® TuffCut® X-AL 138 series is a multifaceted 3 Flute end mill designed for extreme high speed machining of aluminum and non-ferrous metals. The 138 series 3 flute geometry promotes exceptionally smooth cutting action and has over 500 combinations of diameters, length of cut and coatings.

Benefits and Features:

- Solid carbide
- Uncoated or with Fordlube coating
- Center cutting
- Stub, standard and long flute lengths
- Neck relief option
- Square end or corner radius options
- 36° Helix angle
- For roughing and finishing applications
- Gem+ Coating or other coatings available upon request
