Twister® HPD drills

Performance, Versatility, & Economy

When you need excellent machining performance, versatility, and economy from your drills, our Twister® HPD range is the ideal solution, with a choice of 3xD & 5xD flute lengths, plus through-coolant or solid options.

Ideally suited to job-shops and low volume, high mix manufacturing, where economy and performance are key factors, the HPD range uses our ALtima® coating to give increased tool life and improved productivity on a wide range of materials.

Twister® HPD Series

Features and Benefits:

- Inch & metric diameters from 3mm to 16mm
- Through-coolant & solid options
- 3xD and 5xD flute lengths
- Self-centering point eliminates spot drilling
- ALtima® coating for high heat resistance
- Corner chamfer improves hole break out & minimizes burs
